MR. BONNER'S NEW TROTTER.-Mr. Bonner's famous four-year old colt Startle, by Hambletonian, out of Lizzie Walker by American Star, was tried a mile in harness, with very heavy weight up, at Fleetwood Park, on Friday, June 30. It will be remembered that this colt was bred by Mr. Charles Backman, who sold him last spring, when just broke, to Mr. George Alley. The latter gentleman is one of the best judges of a young trotter in America, and he took a great fancy to Startle from observing that when going he had the trick of his brother in blood, Dexter, of weaving his head from side to side. So he purchased him for \$4000, and matched him against Lothair, a colt with a great reputation in the East. The trot took place at Fleetwood Park in September, when Startle distanced his opponent the first heat in 2m. 36s. After this notable performance, Mr. Bonner bought Statle for \$20,000, and sent him back to his trainers. Unfortunately, Startle caught a little trainers. Unfortunately, Startle caught a little cold on the boat coming down, had a slight cough, and did not cat above half his usual quantity of feed. Still, it was determined to send him a mile. The driver, Carl Burr, was weighed, and found to pull down 205 pounds, while the sulky was 65 pounds. This is 69 pounds over the usual weight of the best drivers (such as Mace, and Roden), and their sulkies. (such as Mace and Roden) and their sulkies. Startle was then brought out, and away he went at a tremendous gait to the first quarter pole in 35s., the ground being on the descent, the course not as solid and fast as we have seen it, but good and safe. On to the half mile with the same magnificent and even stroke in 1m. 11s. went Startle. Then he soon struck the rising ground and that and the great weight began to slow him. It was unfortunate, too, that there was no other horse with him now to arouse all his ardor and determination. But for all that he came home in 2m. 294s., and thus surpassed any other four year-old public trial or heat in a race, to say nothing of his

extra weight.
We afterward looked him over in his box.— He was not at all distressed in wind, but we think he got a little leg-weary. With all the disadvantages under which the colt labored, it was an immense performance. Mr. Bonuer said he would give \$40,000 for another colt of the same age that would equal it with the same weight. Startle is fifteen hands high, very bloodlike and powerful, the same stamp of horse all over as his brother in blood Dexter. The latter is fifteen hands one inch and a quarter seant, and he has grown since he was six years old. Startle will make a bigger horse, we think, for he was very small as a foal, but beautifully put together .- Wilkes' Spirit.

SUNSTROKE.—This is a sudden prostration due to long exposure to great heat, especially when one is much fatigued or exhausted. It commonly happens from undue exposure to the sun's rays in summer, but I have seen the same effects produced in a baker from the great heat of the bake room. It begins with pain in the head or dizziness, quickly followed by loss of consciousness and complete prostration. Sometimes, however, the attack is as sudden as a stroke of apoplexy. The head is often burning hot, the face dark and swollen, the breathing labored and snoring, and the extremities cold. Take the patient at once to a cool and shady place, but don't carry him far to a house or hospital, Loosen the clothes thoroughly about his neck and waist. Lay him down with the head a little raised. Apply wet cloths to the head, and mustard or turpentine to the calves of the legs and the soles of the teet. Give a little week whiskey and water if he can swallow. Meanwhile let some one go for the Doctor.

Masks.—If we could read each other's hearts, we should be kinder to each other. If we knew the woes, and bitternesses, and physical annovances of our neighbors, we should make allowances for them which we do not now. We go about masked, uttering stereo-typed sentiments, hiding our heart-pangs and headaches as carefully as we can; and yet we wonder that others do not discover them by intuition. We so conceal our best feelings from the light; we do not so conceal our resentments and our dislikes, of which we are prone to be proud. Often two people sit close together with "I love you" in either heart, and neither of them knows it. Each thinks, "I could be fond; but what use is there of wasting fondness on one who does not care for it?" and so they part, and go their ways alone. Life is a masquerade, at which few unmask, even to their very dearest friends.

THE HOMESTEAD PRIVILEGE. - A young man, who lives not a thousand miles from Charlottesville, has been loafing on his old father since the war closed. A short while since his father having become tired of supporting an able bodied son in idleness, ordered him to tramp, go to work, or he would put him in the street. No notice was taken of it by the son, and on his returning to the house one day, found that the old man was as good as his word -his traps were in the street and the door closed upon himself. The old gentleman turned a deaf ear to all his entreaties to allow him to return, until, finding entreaty availed nothing, he indignantly marched off, vowing that he would 'claim the homestead law' on his father. Whether he has yet succeeded in establishing his claim, our informant does not say. At any rate, it is a new rendering of the homestead idea. - Charlottesville Chronicle.

SUMMER BEVERAGE.—Here is a receipe for making ginger beer, a very wholesome and re-freshing summer beverage: Put two gallons of cold water into a pot upon the fire; add to it two ounces of good ginger bruised, and two pounds of white or brown sugar. Let this come to a boil and continue boiling for about half an hour. Then skim the liquor and pour into a jar or tub, along with one sliced lemon and half an ounce of cream of tartar. When nearly cold put in a teaspoonful of yeast, to cause the whole to work. The beer is now made, and after it has worked for two days. strain it and bottle for use. Tie down the
